U.S. Immigration laws require international students to verify their ability to finance their educational and living expenses for the entire time they are in the United States. Evidence of financial ability, not including travel expenses, must be provided in one or a combination of the following ways:

1. Proof of the applicant's personal funds (official bank statement is required to show the entire amount personally committed).
2. Sponsor and/or parent funds (official bank statement that matches the first-year expenses that they have committed to on the Affidavit of Support [**no internet print-outs acceptable**]).
3. A letter from the government must accompany this form if the government is contributing to the cost of the applicant's application.

Note: Student's name and Net ID must be on each bank statement. Please keep a copy of documents (e.g. Affidavit of Support, bank statement) for your own file.

This affidavit is made by me for the purpose of assuring the U.S. Government that the person(s) named above will not become a public charge in the United States. I am willing and able to receive, maintain, and support the person(s) named above. I understand that if I do not provide the student financial assistance, the burden does not shift to Ensign College and the student will be required to return to his/her home country due to lack of funds.
