# 01 THE HILLSIDE REMODEL

## PROJECT BRIEF

Jake and Ashley Miller recently bought Ashley's childhood home, originally built in the 1960's located in Bountiful, Utah. Together with their two boys they love to gather with friends and family. They share a love for entertaining and hosting. Our goal is to thoughtfully redesign a warm, bright home with a balance between modern and traditional styles. We want to increase the functionality and meet the needs of the Miller family while keeping the future in mind.

## DESIGN OBJECTIVES

- Improve the functionality and flow of the home
- Update finishes
- Bring in natural light and take advantage of the views of the home

## CLIENT REQUESTS

## 02 CHURCH OFFICE BUILDING REMODEL

### PROJECT BRIEF

The 7th floor of the Church office building is undergoing a remodel to create a hybrid-based workspace to enable employees to rotate between in office and at home work. The current office space is outdated, dominated by gray tones, and lacks flow resulting in an environment that does not meet the needs of its population. Our task is to redesign the 7th floor as both a showcase and pilot floor to inspire future renovations of other floors. Our client is open to taking creative risks to improve and modernize the office environment.

### DESIGN OBJECTIVES

- Incorporate collaborative spaces while still maintaining dedicated quiet areas
- Integrate new technology to boost productivity
- Create flexible and comfortable work spaces that promote employee well-being

### CLIENT REQUESTS

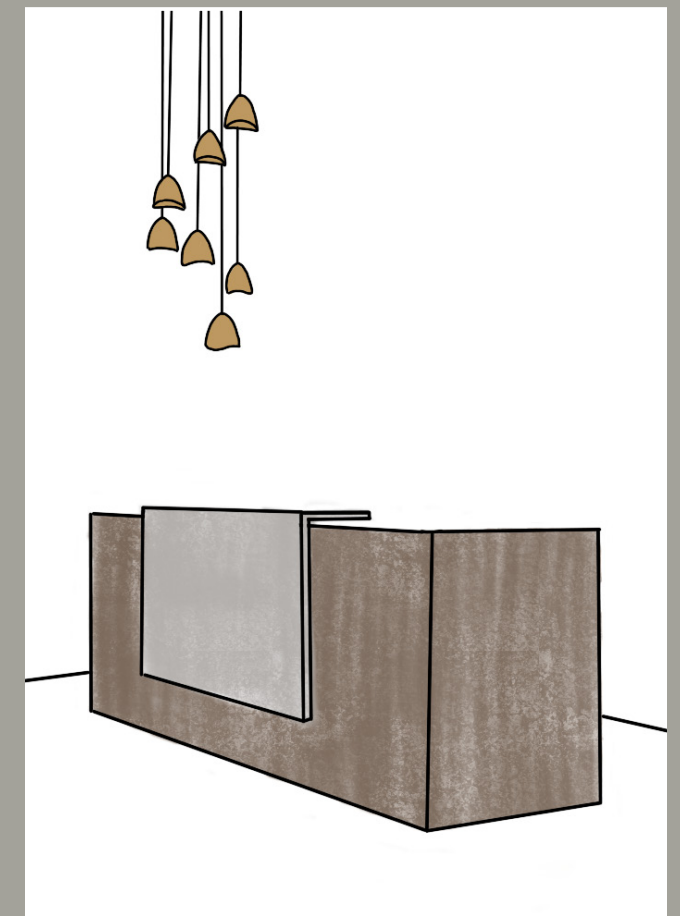

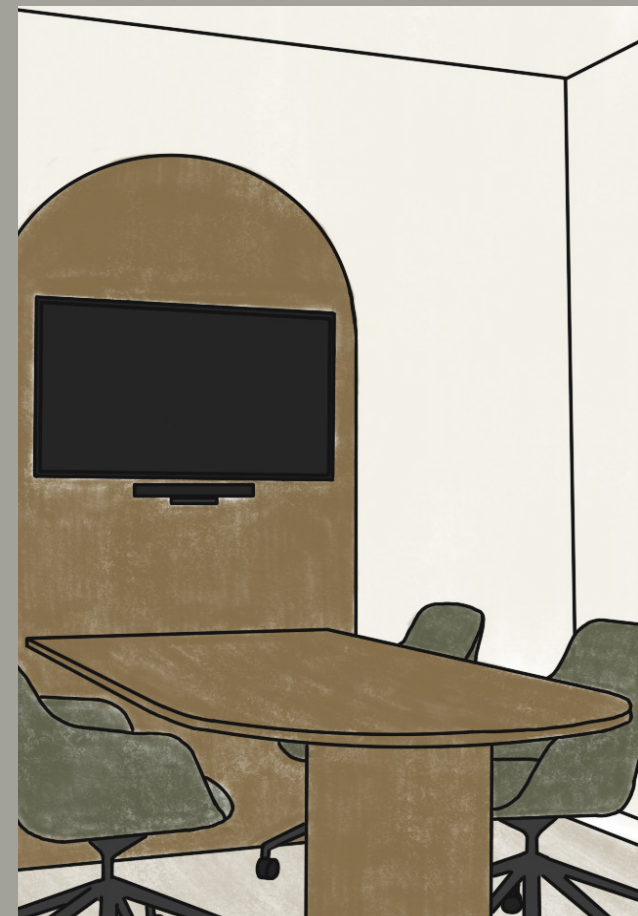

A large break room and more casual, comfortable seating

Small collaborative rooms for four to six people

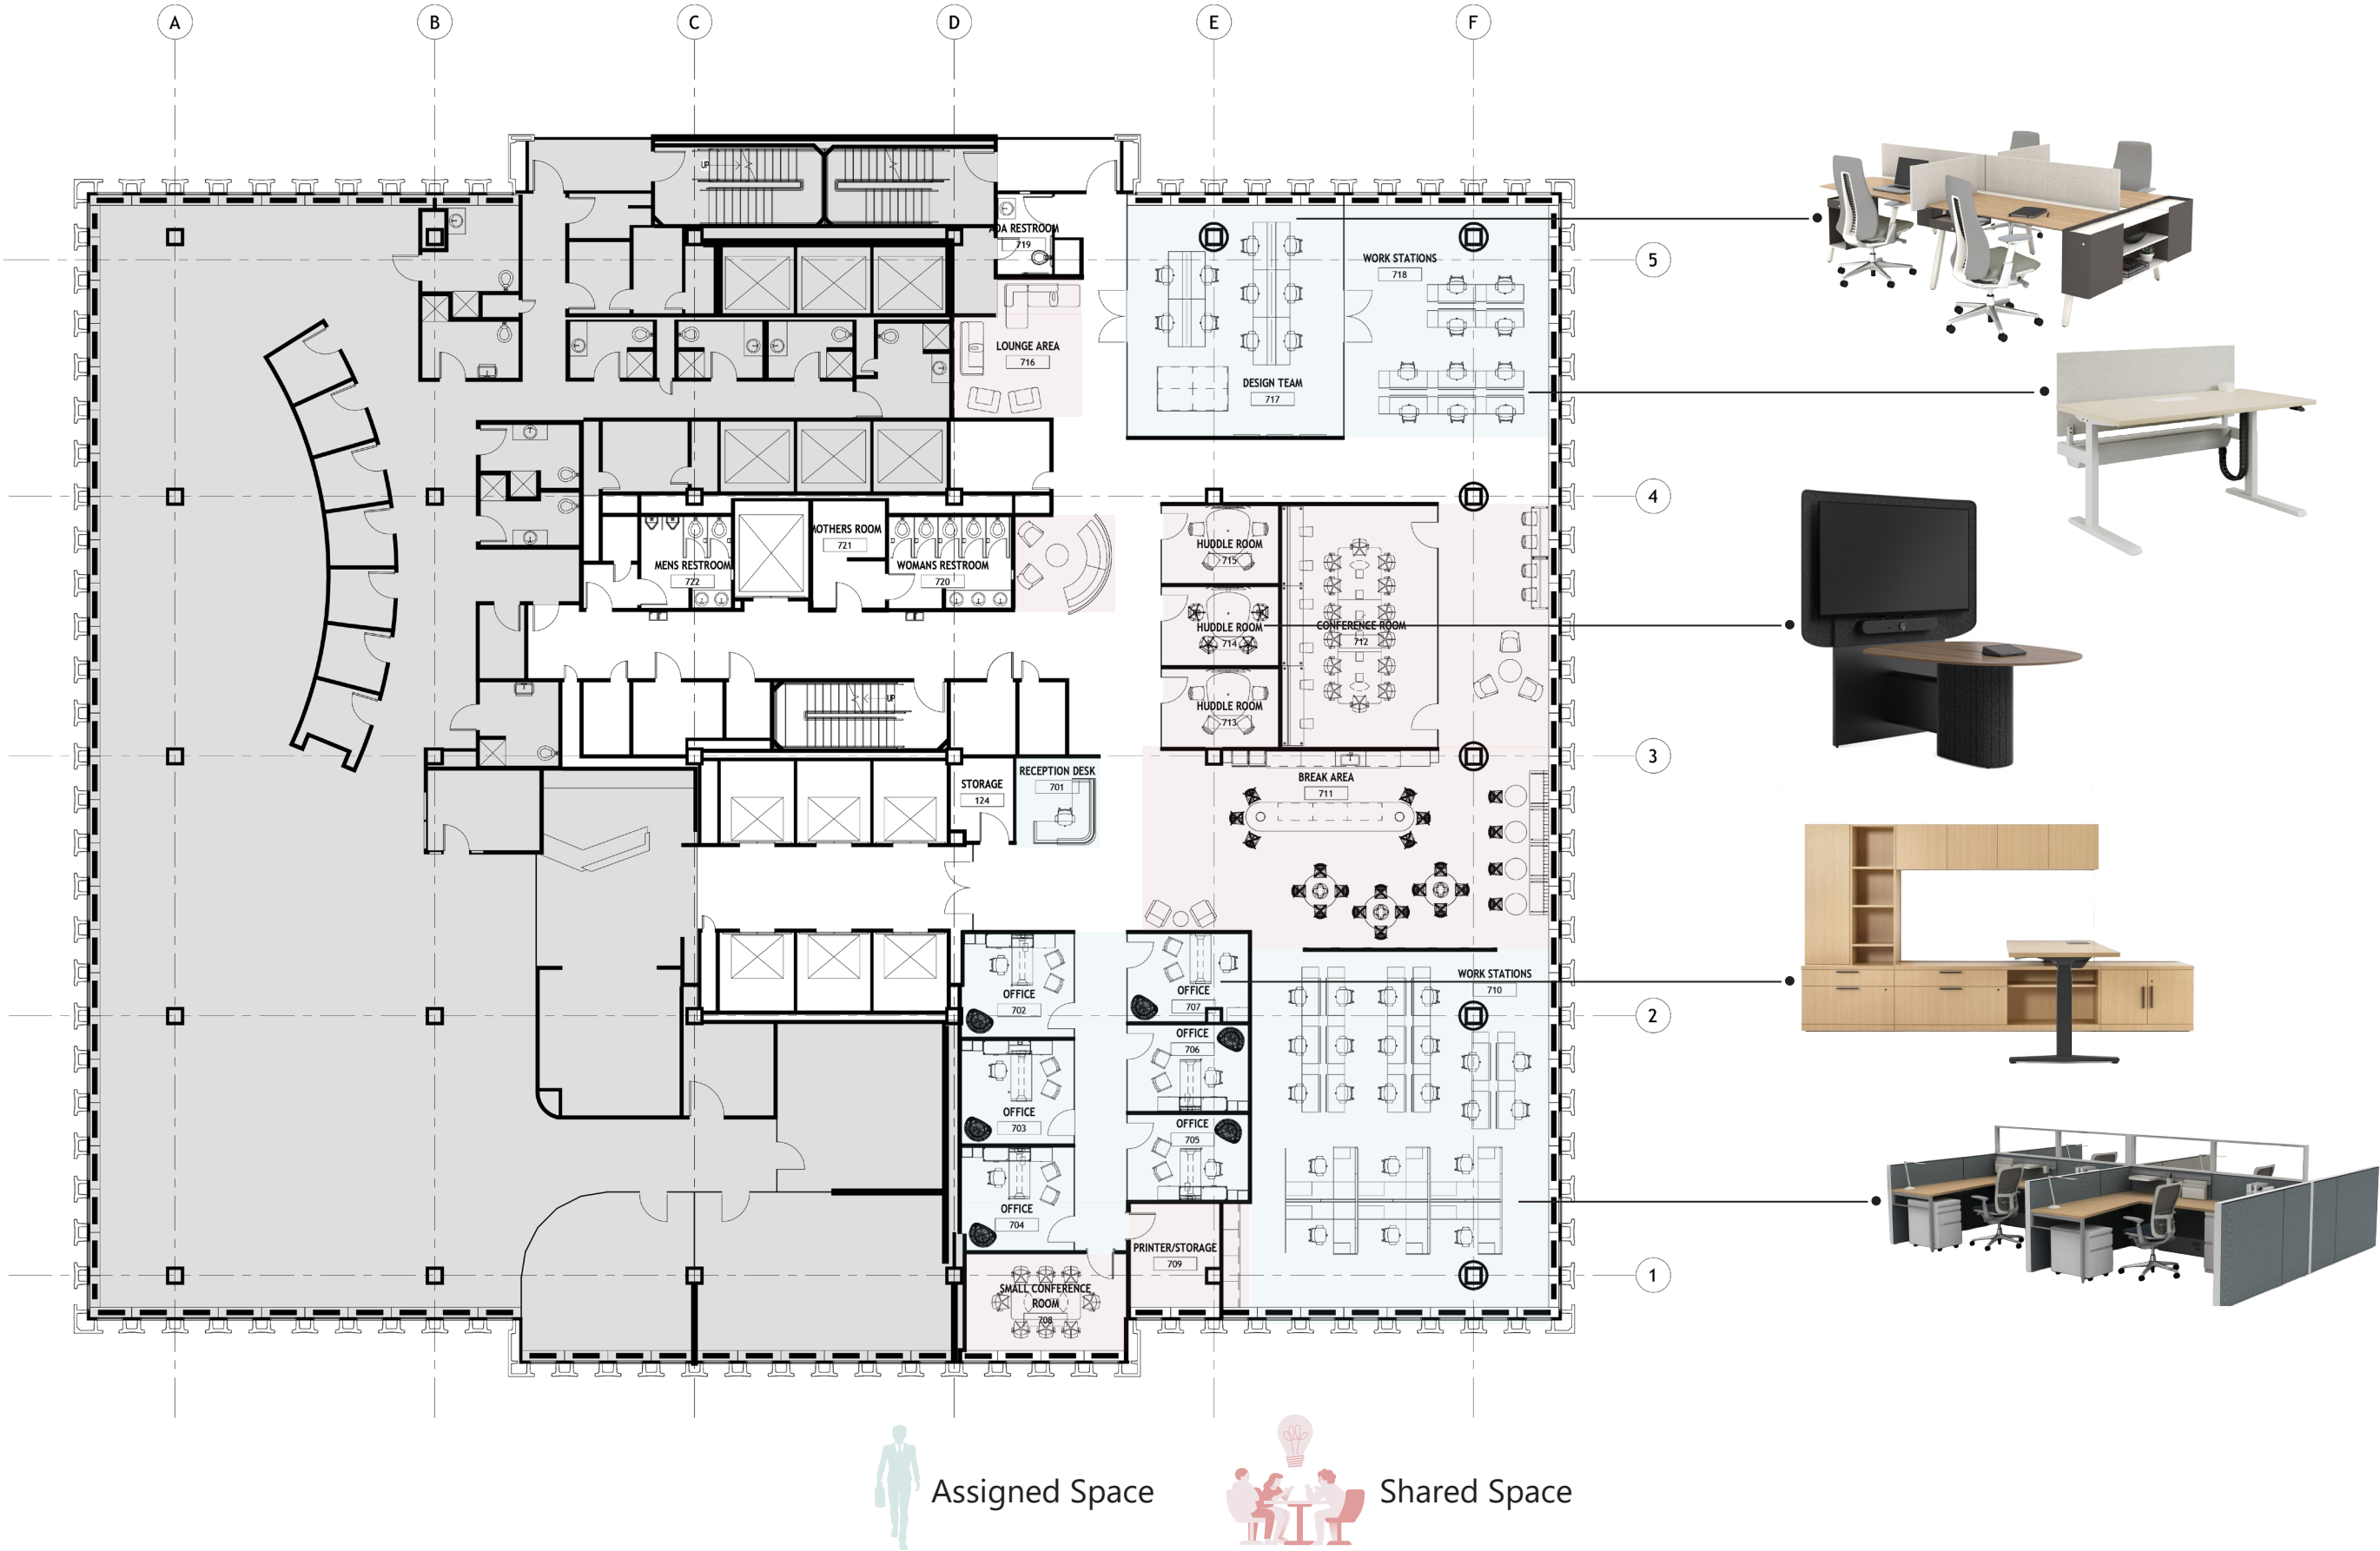

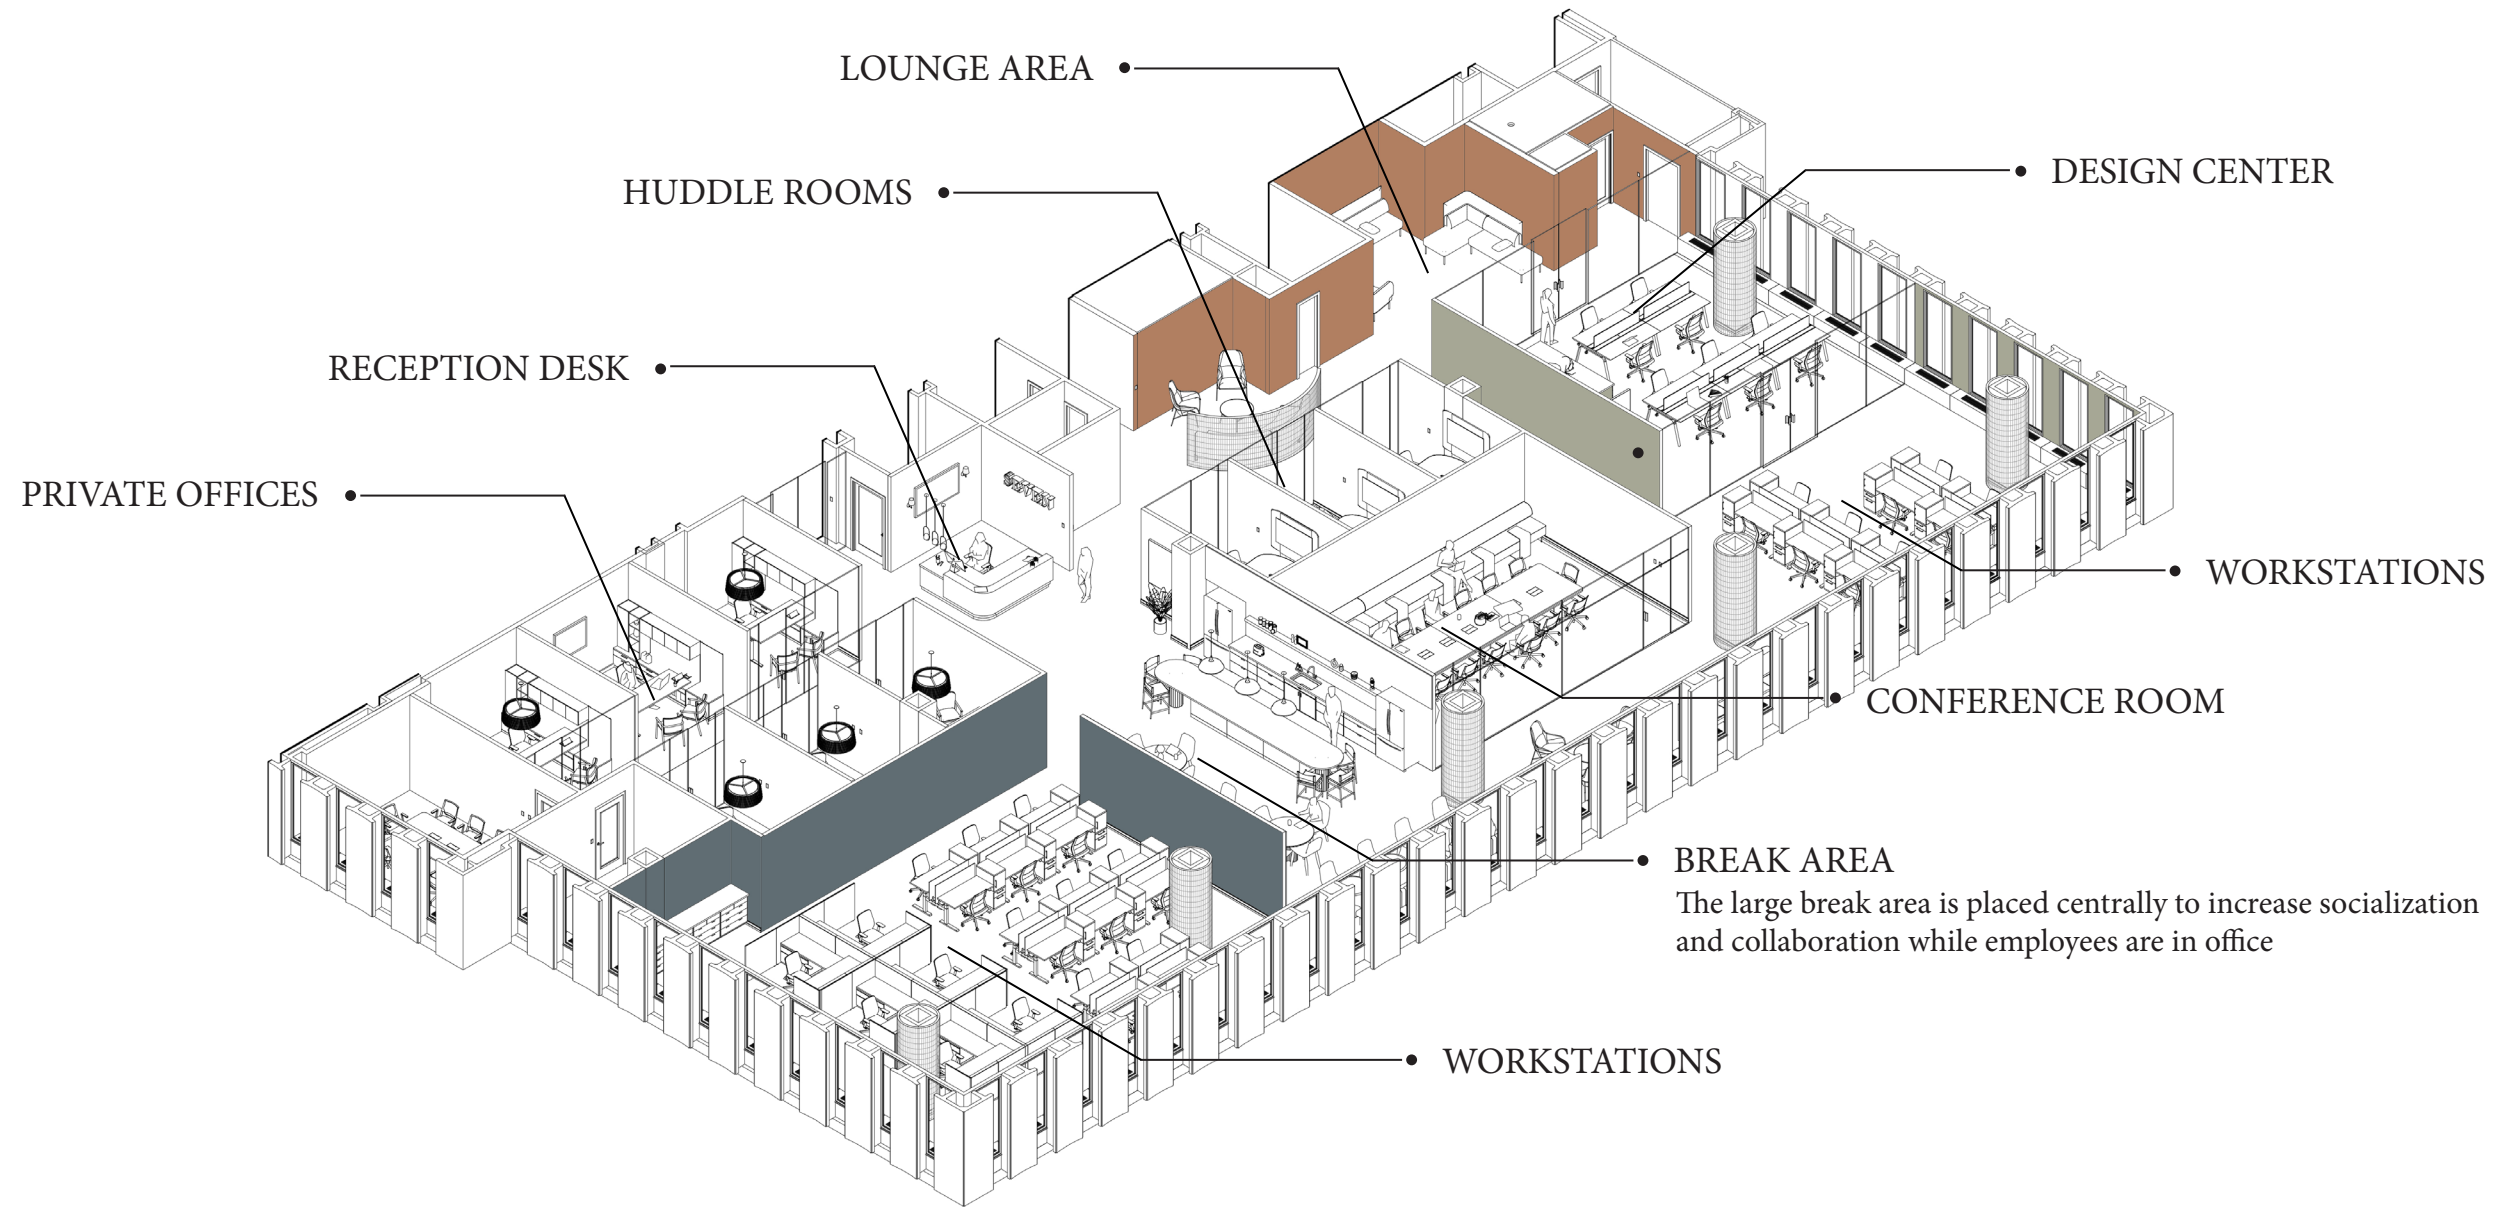

An overall bright and open concept design

NEW PLAN

① ISOMETRIC VIEW

Benefits of socialization in the workplace

Stonger collaboration	Access to resources
Enhances physical and mental well-being	Enhances productivity
Stronger connection and belonging	Strengthen company culture

# 03 DESERT OASIS REMODEL

## PROJECT BRIEF

The Orchard family is in need of a full-scale renovation of their primary bathroom. The family is seeking to transform their current dark, outdated bathroom into a warm, relaxing oasis. The existing layout lacks functionality and is impractical for the family’s evolving needs. The remodel will focus on creating a primary bath that optimizes space, improves flow, and includes upgraded fixtures and finishes. They are inspired by their desert surroundings and want to bring the warmth in.

## DESIGN OBJECTIVES

- Improve the flow and layout of the space
- Upgrade fixtures and finishes
- Maximize storage

## CLIENT REQUESTS

A built-in double vanity

A large steam shower

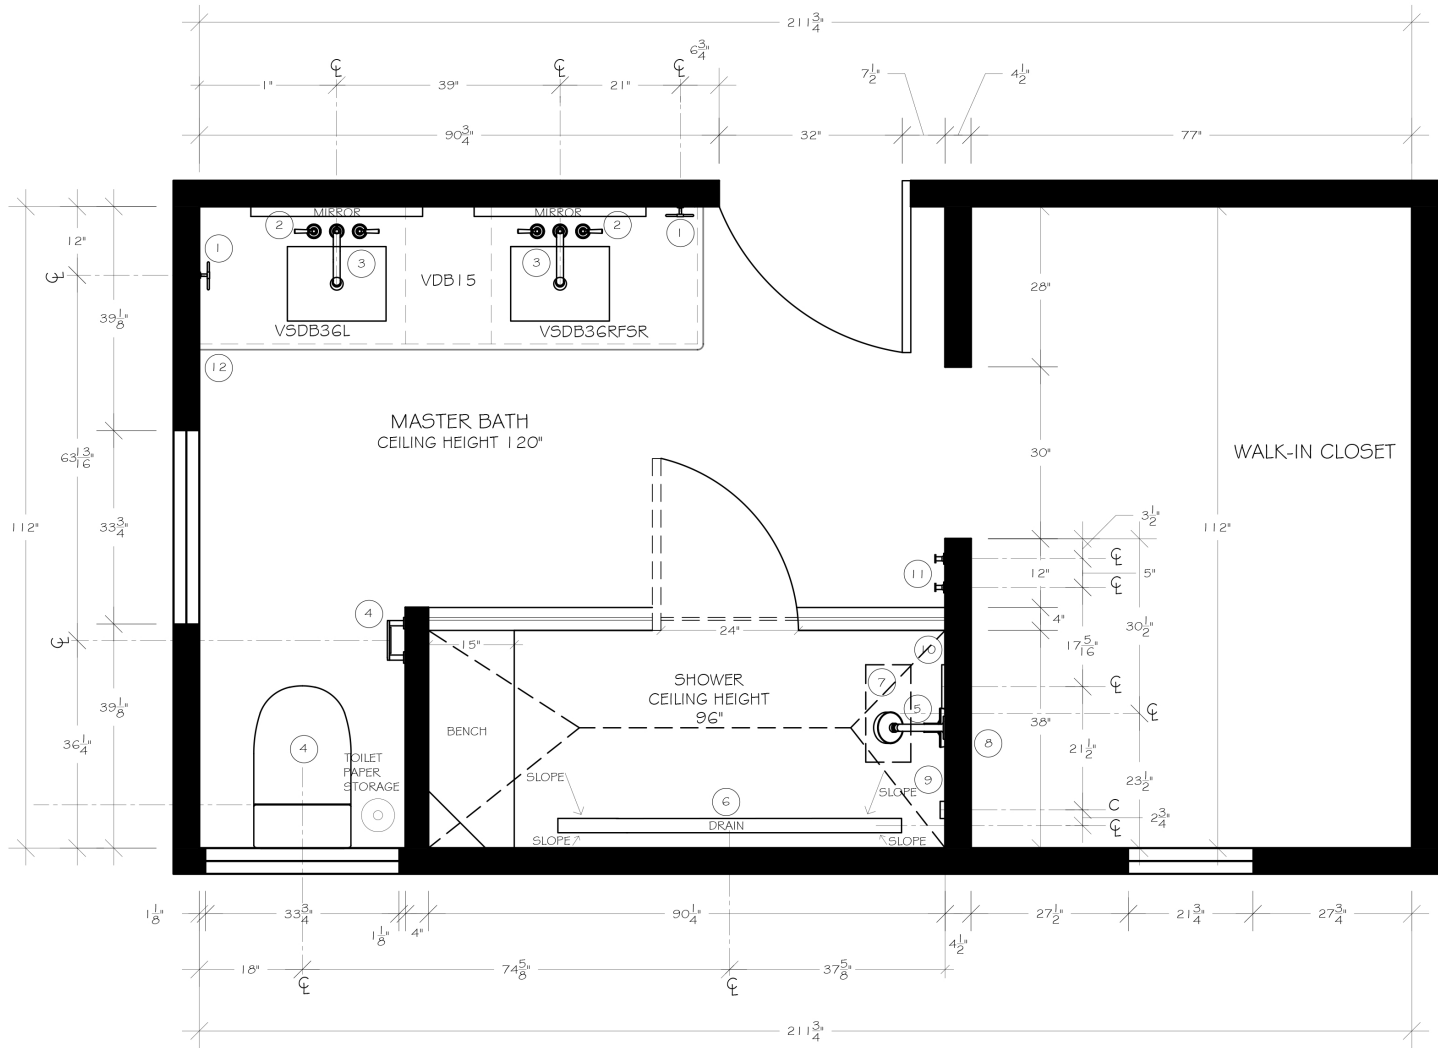

Incorporate warm wood tones
