REAL SKILLS. REAL FAITH. YOUR FUTURE.

20% FIRST GENERATION COLLEGE STUDENTS
Faith-centered
Developing capable and trusted disciples of Jesus Christ.

At Ensign College, you don’t have to separate your faith and your education. Gospel principles are woven into every course, every class, and every day, creating a faith-centered environment where you can grow, develop, and discover your true potential.

Living a life of honor is a central aspect of your experience at Ensign College. The CES Honor Code and associated dress and grooming standards are designed to invite the Holy Ghost into your life and contribute to your development as a disciple of Jesus Christ.

Attend class and other campus activities with students and faculty who share your values and encourage your faith. Classes typically start with a prayer and a spiritual thought, adding an uplifting element to your learning.

Come see how powerful it can be to learn by study AND by faith.
**Weekly Devotionals**

A highlight of every week is devotional, where you can hear from fellow students, faculty, and guest speakers from Church headquarters, other CES institutions, and the community. At least once a year, we are privileged to hear from General Authorities of the Church.

“**I love the classes because we always start with a prayer, and it just feels good. We always talk about having the Spirit with us so we can learn faster and more efficiently. And, I’ve seen that in my time at Ensign.”**

Career-focused

Get the skills you need for the career you want. At Ensign you learn by doing.

Every class—even in general education—is designed to empower you in making decisions, working in teams, and presenting your work.

- In class, work with real clients and business owners to solve problems.
- All degree-seeking students are required to complete an internship. Graduate with real-world experience!
- All programs receive guidance from advisory boards comprised of industry professionals and leaders. Their experience helps you keep up with industry standards.
- 90% of our instructors are professionals working in the field they teach.

“Why don’t we make college more like the world of work?”

-President Bruce C. Kusch
Here to Help You Succeed

At Ensign College, you don’t have to wait until your last semester to get help from career services—you connect with them in your first semester!

From preparing a resume to practicing interviews and landing an internship or job, Career and Internship Services mentors will help you every step of the way.

Attend workshops throughout the year or schedule an appointment for one-on-one help.

Career Fair

Every fall and winter semester, we hold a career fair so you can connect with employers looking to hire interns or full-time employees in every field of study. You might just find your dream job!

“If you’re ready to go back to work, come to Ensign College. I was just blown away at the job opportunities from day one. Actually, the job that I have right now is because I attended Ensign College.”

Apply & Enroll

1. START APPLICATION
   - Apply to Ensign College at: ensign.edu/how-to-apply
   - Use your Church account if you are a member of The Church of Jesus Christ of Latter-day Saints.
   - Create a free Church account if you aren’t a member.

2. PREPARE DOCUMENTS
   - Church Members: Have your Church account and membership info ready.
   - Educational History: List all schools attended (US and abroad) and your high school GPA (transcript may be needed). See website for international education.

3. ECCLESIASTICAL ENDORSEMENT
   - Church Members: Meet with your bishop and stake presidency (or mission president). They will recommend you online.
   - Non-Members: Meet with a local bishop (online recommendation) or your clergy (paper form & chaplain interview).

4. COMPLETE APPLICATION
   - Double-check your information and ensure all components in the application checklist are complete.

5. ENROLL IN CLASSES
   - Watch your email for a notice of acceptance. Then check the dates for the registration deadlines and enroll in classes!

APPLY NOW!
My dream has always been to study at a modern, up-to-date institution that could help me become the best professional. When I received my acceptance letter, I felt so happy that all my effort was worth it!

Flexible & Efficient

One size does not fit all. Find the path and schedule that work for you.
How It Works

Everyone’s journey is different, and one size does NOT fit all. At Ensign College, you can choose from a variety of paths depending on your unique goals and interests. Here are just a few examples:

- Get a skills-based certificate or associate of applied science (AAS) degree to get started in a new career quickly.
- Get an associate of science (AS) with a certificate and transfer to a university.
- Jump right into a bachelor’s degree.

All of our programs start with a certificate. Completing a certificate can be an effective and efficient way to accelerate your career and may be all you need to achieve your goals.

You can add general education for a fully-transferable associate of science (AS) degree.

Some programs offer an associate of applied science (AAS) degree. This includes more specialized program courses and fewer GE courses. (The AAS does not fully transfer to other schools)

Our bachelor’s degrees are “applied” degrees. This means you focus on developing skills and having experiences that will get you a great first job and launch your career. A BAS degree is also a great step if you plan to continue your education at graduate school. You can also save money by completing an AS degree at Ensign and then transfer to another college or university to continue your education.

“I knew I needed to go back and get an education, but I also wanted to be able to work full-time and still be a mom. I was able to work until 4 or 4:30 and then come to campus for night classes. I was able to be home most nights to tuck my kids into bed and still do the mom things I needed to do.”
